PURPOSE OF ICMREST-2025

The International Conference on Multidisciplinary Research in Education, Science, and Technology (ICMREST-2025) will take place on 28th and 29th December 2025 in Goa. This global platform is designed to bring together researchers, scholars, and practitioners from diverse fields of education and science.

The conference aims to foster interdisciplinary collaboration by providing a space for sharing innovative research, methodologies, and best practices across a wide array of disciplines. It serves as a forum for insightful discussions on contemporary challenges in education and science, exploring new trends and solutions that can shape the future of these fields.

ICMREST-2025 seeks to inspire dialogue, promote collaborative problem-solving, and highlight groundbreaking strategies that address the evolving needs of both educational and scientific communities. Ultimately, the conference will contribute to advancing knowledge, research, and practical applications in the realms of education and science.
